

**Physicians and Pharmacists: Please refer to this list when prescribing/dispensing medications.**

All strengths and formulations of the medications listed within this document are considered formulary unless specifically noted. Due to the constantly changing nature of drug therapy, the Formulary is a dynamic document and is subject to change without notice. The most up-to-date listing of the formulary can be found online at [www.PrescriptionSolutions.com](http://www.PrescriptionSolutions.com).

The brand-name is included for reference purpose; all medications listed in bold print are generically available.

**Caveat Legend**

- ▼ = Use with caution in the elderly
- ◆ = Use with caution in the elderly and in patients with renal impairment
- ⊕ = Brand and generic are covered
- ⊖ = Age restrictions apply
- PA = Prior authorization may be required
- ST = Step Therapy may be required
