CHANGING PLANS—WHAT DOES IT MEAN???

As you may know, your coverage will change to Plan C if you have completed 24 months of coverage in Plan D, or to Plan C2 if you haven't completed 24 months in Plan D, effective June 1, 2006.

Some frequently asked questions and answers follow to help you understand how this change affects you and your family.

Do I have to meet a new deductible under the new plan, if I have already met my deductible under my old plan? No. If you have met all or a portion of your deductible under the old plan, it will automatically be rolled over into the new plan.

Do I have to resubmit my dependents documentation? No. If you have already submitted copies of the required documentation (marriage certificates, birth certificates, divorce decrees, full-time student affidavits, etc.) the information will follow your eligibility.

Do I have to complete a new enrollment form? No. The enrollment form you have completed for 2006 is sufficient.

Will I get new ID cards? Yes. Your new packet is in the mail. It includes your new ID cards and the summary plan booklet describing your benefits.

When will I move into Plan C coverage? Your coverage will automatically change to Plan C when you have completed 24 months in Plan D/Plan C2.

Call the Fund Office if you have any questions.
