UNITED FOOD & COMMERCIAL WORKERS & EMPLOYERS AZ HEALTH PLAN

******* TRUSTEES REINSTATE FLU SHOT BENEFIT FOR 2011 *******

The Board of Trustees is pleased to announce that a flu shot benefit is once again being added to your Health Plan. Beginning September 15, 2011, and through December 31, 2011, the benefit will be made available to each eligible participant and each of their eligible dependents.

The benefit is a \$15 allowance toward a flu-immunization shot. We understand that some of the pharmacies in the Trust Fund's pharmacy network are able to provide this service for the amount of the allowance. Eligible participants and their dependents are encouraged to inquire with the provider of the service about this Plan allowance, and how it affects their payment obligations, before they obtain the shot. If secured during the period described above, the flu shot benefit will not count toward any yearly limits on physical exams in your Plan.

Please contact the Trust Fund Office or a participating network pharmacy for details on how you and your family members can obtain this benefit.

Sincerely,

**BOARD OF TRUSTEES
SEPTEMBER 2011**
